INSTRUCTIONS FOR INSTALLATION AND USE

Assembly of SferaZERO:

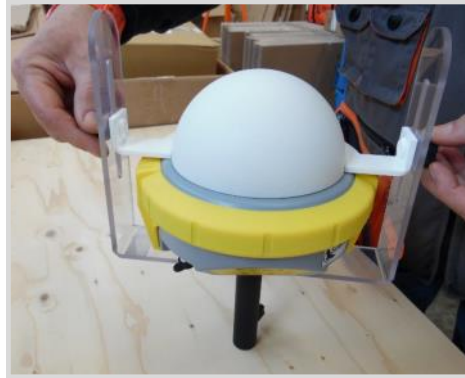

1

Place the GNSS receiver
in the support

2

Screw the adapter **D** to the GNSS receiver, in
order to block the SferaZERO

3

Pull down the Semisphere until they reach the receiver.
Lock the two lateral screws

C

- Install the MAGNETIC LEVEL BRACKET on the vehicle hood
- Screw the adapter **C** at bolt 5/8" present in the centre of the Magnetic Level Bracket
- Place the SferaZERO on the Magnetic level bracket. Check the locking of the adapter **D** lock
